MEMORANDUM FOR: Assistant Director for Computer Services, DDS&T

SUBJECT

: Computer Services

REFERENCE

: DDS Administrative Notice No. 64-4, subject:

Computer Services

- 1. The subject of referenced notice has been surveyed within the various divisions for known or enticipated requirements for computer services.
- 2. At the present time the operations in Supply Division and Printing Services Division are the primary areas of interest that are either using computer services or are planning additional or new programs for computer services. Representatives of the Office of Computer Services have been working closely with representatives of both of these divisions, and your office is fully cognizant of the current and contemplated programs being provided or scheduled for the future.
- 3. This office has a definite interest in detailed analysis and feasibility studies of the following activities in addition to the requirements for Supply Division and Printing Services Division:

Office of Logistics Division

e. Real Estate and Construction Division

Operation

The real estate reports including the report submitted by field activities and the consolidated reports required for the Director of Logistics or higher authorities and the procedures related thereto.

MIN TENED TO SERVICE CONTAINED

SUBJECT: Computer Services

Office of Logistics Operation Division Space utilization, control, and b. Logistics Services planning for Headquarters buildings Division occupancy. c. Administrative The records maintained for the bulk Staff/Budget and procurement allotment accountings. Fiscal Branch d. Security Staff The security clearance files should be examined to determine the adaptability of their procedures and requirements for possible computer operations.

- 4. It is the feeling of this office that the computer services and programs referred to in paragraph 2 above represent a considerable requirement for the Office of Computer Services systems and program personnel. Therefore, we would recommend that your efforts and our efforts be directed to completing the implementation of the programs for Supply Division and Printing Services Division prior to a detailed survey of the additional areas cited in paragraph 3 above. At such time as personnel are available to study these areas, it is requested that they be examined in the order as listed.
- 5. This office is very appreciative of your assistance in the past and looks forward to active participation with your representatives in the future to establish and implement, where feesible, additional computer operations for the Office of Logistics.
